

baila leila

leila, leila, dance our memories away
leila, leila, may the music of your feet
be the only thing that stays
let us drink our sorrows
say goodbye to all tomorrows
washed away upon our tired shores
and let me see you... slowly...
baila conmigo
baila, leila, la última vez
baila, we'll forget the rest
leila, leila, leila
free us from the past
break these old eyes from looking inward
we can never let go from our past
we can never let go from our past
dance leila, baila leila, dance
leila, leila
born a heartbeat and a breath after the war
leila, leila
god i wish you'd seen this place before the stars began to fall
let us drink our sorrows
say goodbye to all tomorrows
washing up against our tired shores
and let me see you... slowly...
baila conmigo
baila, leila, la última vez
baila, we'll forget the rest
leila, leila, leila
free us from the past
leila dance
leila, leila, leila take the past
leila, leila, leila let's just dance
zu zu zu zu zu
move move move move
slowly...
baila conmigo
baila, leila, la última vez
baila, we'll forget the rest
leila, leila, leila
free us from the past
leila dance
